

JOYGAUGE RADAR

Our JoyGauge Radar is among the most powerful and efficient level monitoring gauges in today's market - this is your solution to effective remote level monitoring of any fluid (including flammables - IECEx approved)

NEW & IMPROVED DESIGN

Simply screw in to a 2" BSP outlet or if no ports are available, choose to maintain the integrity of your poly tank, thanks to its self-adhesive mounting option!

FEATURES & BENEFITS

Thanks to its Narrow Beam Radar technology, the Radar Gauge provides highly repeatable measurements of ullage with an impressive 0.2% accuracy (over 2m) and a measuring range capacity of up to 6.75 m (oil based products - max. 4 m)

An impressive 10+ Year Battery life (based on hourly level recording & daily uploads)
Programmable OTA: Level data recording at 10/30/60 min. intervals and data uploads at 1/4/6/12/24 hour intervals

Built to withstand Australian Conditions
- Robust UV Stabilised Polypropylene

4G IOT Communication - Sim Included

Set your own High / Low Level Alerts

No fuss installation and set-up via the JoyLevel installer web application

Compact and lightweight - Dimensions: 115 mm x 50 mm - Weight: 280G

JOYLEVEL REPORTING DASHBOARD WITH SUBSCRIPTION PLANS TAILORED TO YOUR NEEDS

UPGRADE TO INSTANT LEVEL READINGS - NOW AVAILABLE
